

” Hysan Group

// Using over 5000 LED Sensor Tube //

A passion for innovation,
crafting sustainable
solutions and illuminating
spaces with efficiency.

Lee Theatre Plaza

*no. of LED Sensor Tube: 356

One Hysan Avenue

* no. of LED Sensor Tube: 161

▪ LIGHTING SPECIFIED

LED T8 Sensor Tube, 130lm/W high efficiency, 4000K

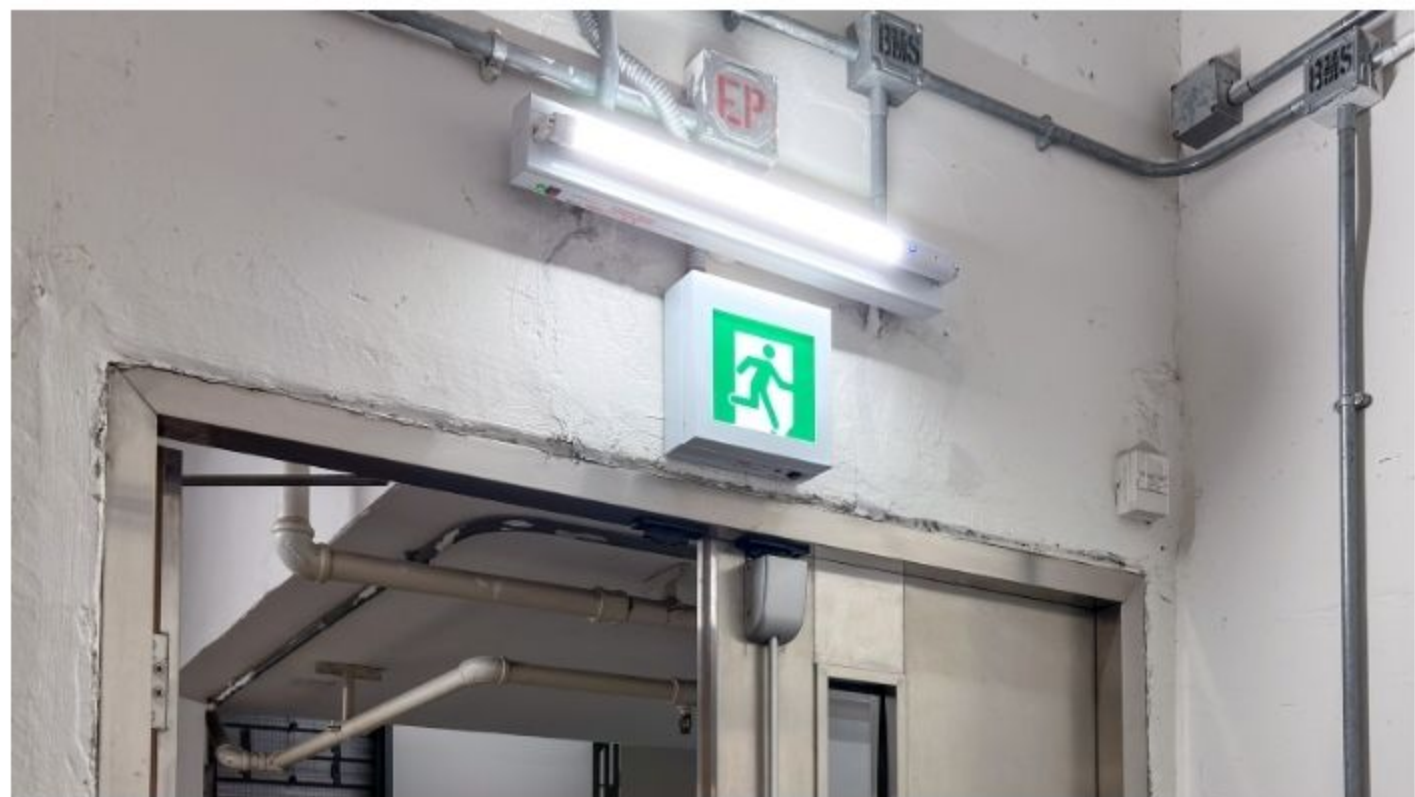

Hysan Group

* **Lee Garden 3** - no. of LED Sensor Tube: 161

Leighton Centre
*no. of LED Sensor Tube: 614

Hysan Place
*no. of LED
Sensor Tube: 935

Our company is dedicated to delivering innovative LED lighting solutions, combining advanced technology with expert design to create energy-efficient spaces.

With a strong track record of collaboration across industries, we take pride in participating in Hysan Group's projects, including Hysan Place, Lee Theatre Plaza, Leighton Centre, Lee Garden 1, 2, 3, 5, 6 and One Hysan Avenue. Through tailored lighting solutions and professional simulations, we ensure that each project meets the highest quality, functionality, and sustainability standards.
